

Progressive home care team offers flexible career opportunities

Bundaleer Community Support Worker, Anne, finds her role rewarding and varied

Bundaleer Home Care offers a range of job opportunities and career pathways to locals across the Mid North Coast and New England regions.

Business Development Manager, Carly Condon, says that home care is an in-demand industry that offers a fulfilling and flexible career for job seekers of all ages and backgrounds, with lots of day-to-day variety.

“At Bundaleer, our team loves supporting clients to remain living independently in their own homes. They really enjoy building relationships with clients and helping them keep connected and engaged with the people and places they love,” said Carly.

Bundaleer Community Support Worker, Anne, agrees.

“I’ve been lucky enough to work at Bundaleer Home Care for the past 13 years, and I can honestly say that you won’t find a more rewarding career. It makes you feel great knowing that you are making such a difference to the lives of clients,” Anne said.

“Each day is different, too. Sometimes, I’ll help a client with light housework duties or preparing meals, and other times I’ll take clients on a picnic, to a shopping centre or even to the movies - and I get paid for it!”

According to Carly, Bundaleer Home Care will appeal to anyone who’s interested in jobs in Nursing or Community Support.

“We also want to hear from those looking to re-enter the workforce after a break, those who want to explore a new career in care, or school leavers looking for a vocational career pathway,” she said.

“We offer on-the-job training for some roles, so even those without a qualification can join our team.”

Bundaleer joined the Apollo Care Alliance over 12 months ago and is now benefiting from a range of improvements and upgrades to the Aged Care Community, Retirement Village and Home Care Service. Apollo Care’s progressive operating model has been recognised internationally at the Asia-Pacific Eldercare Awards where they won a Global Innovation Award.
